

Castle Hill Country Park Pillars & Pavers Trail

Key to Pillars...

- | | | |
|---------------------|-------------------|---------------------|
| 1. Poppy | 2. Hare | 3. Horse Shoe Vetch |
| 4. Pyramidal Orchid | 5. Chalk Milkwort | 6. Skylark |

...and Pavers

- | |
|---------------------|
| 7. Small Cranesbill |
| 8. Black Medic |

For more information on the artwork load the [Blueflame Digital Ltd Bee Trail App](#) to your phone or tablet and point your phone at the image by the two Pavers to see the Burnet Moth. Permanent signs incorporating this image will be installed during 2019.

The Images on the Tiles around the Park

Kerry Lemon, the community artist who created these images and tiles said: *I have SO enjoyed working on my public art project in Laverstock and Ford Parish for the new Barratt development Riverdown Park and the adjoining Country Park. My extensive research at the start of the project, and the community engagement undertaken with Greentrees Primary School led me to focus on the flora and fauna, that will be found in the country park, and on the local Medieval tiles.*

1 Poppy

2. Hare

3. Horse Shoe Vetch

7. Small Cranesbill

4. Pyramidal Orchid

5, Chalk Milkwort

6. Skylark

8. Black Medic
