

Make your own leaf animals

Butterfly

Owl

Hedgehog

What you need

1. Imagination
2. Collection of beautiful leaves and nature objects
3. Some glue and plain paper optional

Make sure you wash your hands afterwards and ask for help from an adult.

Instructions

Collect a variety of leaves with your chosen animal or creature in mind. Think spikey shapes for hedgehog spines, dazzling colours for butterfly wings and beautiful soft shapes for bird feathers. You can collect and use other nature objects like acorns, stones and flowers for details like eyes, noses and ears! Stick your creations to paper or make land art by creating your animals on the ground for others to find and enjoy!
