

WELCOME TO PRINCE PHILIP PARK'S SELF-GUIDED BUTTERFLY TRAIL SHEET

27TH JULY - 6TH AUGUST 2024

Follow the numbered map to discover **13 different UK butterflies** feeding on giant flowers dotted around the natural spaces managed by **The Land Trust**. *Please explore with a responsible adult as the trail will involve road crossings.

Find each butterfly, learn a fascinating fact and write down the letter you find. **Unscramble all 13 letters to spell out a special wild word.**

Return your wild word to the **butterfly box inside Café Hogmoor**, in Hogmoor Inclosure, Off Hogmoor Road, GU35 9HN, to collect a free butterfly detective sheet.

If you enjoyed this and feel inspired please have a go at **recording the butterflies** as part of the Big Butterfly Count which runs from **12th July - 4th August**. Why not register your *wild space for nature on the Butterfly Conservation website. There are 3 Wild Spaces currently in Bordon - let's see if that number can grow!!

*A Wild Space can be a garden, a patio pot, school grounds, a park or a verge.
